Clean Biotech Pvt Ltd is also engaged in developing lands, occupied by various types of industries reserved for plantation. We have tried and still trying to plant only those plants, which will eliminate and control pollution with ease and accordingly.

Clean Biotech Pvt Ltd is having specially dedicated faculty to guide industries regarding plantation and perseverance of the same according to their need and capacity and availability of resources.

Clean Biotech Pvt Ltd distributes thousands of trees on every World Environment Day as a token of love as well as responsibility toward mother nature for bright and healthy future for new generations.

All of above **Clean Biotech Pvt Ltd** is committed to its word for "**saving nature and environment for better future**" and trying to restore this planet-We are authorized by Maharashtra Pollution Control Board and carry out our all activities according to guidelines laid by Maharashtra Pollution Control Board to save and preserve the nature.

Facility Management

Different business have different needs and this principle naturally also applies to Facility Management (FM). Some business want to out source the entire range of facility services, whilst others have a smaller outsourcing needs. We deliver a wide range of self-performed services that can be combined in numerous ways according to the customer's requirements. Creating a flexible, transparent ling services to meet the and tailor-made FM solution in close dialogue with the customer is critical for scaling services to meet the changing needs of the organization.

Environment, Health & Safety (EHS) Management

Regulatory requirements play an important role in EHS discipline and EHS manager must identify and understand relevant EHS regulations, the implications of which must be communicated to executive management so the company can implement suitable measures like

Waste Management Waste Reprocessing / Recycling

Facility Management Service Company

Facility Management Services Company aimed at every solution of industrial, commercial sector solutions to solid as well as liquid waste management and recycling / reprocessing (including domestic-industrial and non-industrial waste) of the same to achieve the ultimate goal of "ZERO WASTE" at our client's end. Each person at Clean Bio Tech Pvt Ltd is committed to our work ethos and consistently contributes his/her best to uphold it. We owe this distinction largely to an adherence to our core principles and values and our belief in a corporate vision that strongly advocates quality of service. This vision encompasses a pursuit of excellence, a respected reputation, experience and expertise second to none and that is exactly what keeps us second to none.
